Schaeff Electric

Modern design with emphasis on performance and reliability. Sit-down and stand-up with capacities from 3000lbs to 12,000lbs.

Low Profile

Compact models designed for underground mining, poultry, de-stuffing containers, and other applications limited on space. Capacities up to 10,000lbs with various drivetrains available.

Specialized Carriers

Custom designed for steel mills, shipbuilding, and nuclear industries. Slag pot carriers up to 300 tons. Transporters up to 500 tons.

MATERIAL HANDLING EQUIPMENT

M Series

6000lbs - 20,000lbs Capacity

8M

Quality and reliability are the hallmarks of the most popular Liftking vehicles; the "M" Series rough terrain forklifts. All Liftking forklifts are backed by an extensive North American network of technical service support and expertise.

P Series

6000lbs - 30,000lbs Capacity

6P

Liftking "P" Series forklifts feature full-time 4WD and 4WS, with legendary performance and dependability. All Liftking forklifts are designed with emphasis on ergonomics and easy maintenance.

Noble

6000lbs - 12,000lbs Capacity

R80

Noble "R" Series forklifts offer leaf spring suspension with ruggedness and capability that customers have been accustomed to for decades. The "RC60LP" Series offers compactness and easy maneuverability not normally associated with a true rough terrain forklift.

Custom Handlers

Liftking designs and builds custom handlers for various industries and applications. The auto handler above is engineered to customer requirements. While the turf loader below features low ground pressure tires reducing turf damage. Both solutions lead to increased productivity, and profit, for the customer. Contact Liftking for your custom forklift needs.
